2.5" to 3.5" Converter Box ~ ME-235

No more buying different-sized HDD enclosure, now you can convert 2.5" SATA drive in your 3.5" enclosure by using the ME-235 converter box.

The housing of ME-235 features the same size as a 3.5" SATA drive, and offers an internal HDD tray to fit any 2.5" SATA drives (up to 15mm height), so that you can put it in any other 3.5" enclosure to co-work with a 2.5" SATA drive. The high flexibility of ME-235 enables a high integration of your existing hard drive devices.

Internal HDD tray of ME-235
