

WELLAND

3.5" Dual Bay RAID HDD External Enclosure

**DRS (Duo RAID Station)
ME-540J**

ME540J is another wonder from Welland SunBright enclosure series. It's an USB and eSATA HDD disk case that supports dual 3.5 inch SATA HDDs and RAID 0 / RAID 1 / JBOD / BIG.

"RAID 0" becomes a buzzword equaling "Fast and High Performance" while the people also knows the "RAID 1" features the "Safe and Reliable Configuration".

The ME540J provides both active and passive cooling to increase the reliability of the hard drives , not only the aluminum housing performs well in the heat dissipation , but also a 60mm fan on the rear of the enclosure offers effective air flow to cool down the drives.

To begin with a desktop RAID system , ME540J is the best and easy-use device. It's a compact and good-looking aluminum enclosure to meet the home usage and small office requirements.

Specification:

Model Name	DRS (Duo RAID Station)
Model Number	ME-540J
Color	Black
Material	Aluminum
Application	Supports (2) 3.5" SATA I/II hard drives
Interface	SATA to USB2.0 / eSATA combo
OS Supported	<ul style="list-style-type: none">● USB2.0 Storage Mode: Win2000, WinXP, Vista, Mac OS 9.x above● eSATA Storage Mode: Win2000, WinXP, Vista
Main function	<ul style="list-style-type: none">● Typical USB 2.0 storage device● Typical eSATA storage device.● JBOD port multiplier function● RAID 0 (Data striping) function.● RAID 1 (Data Mirroring) function● Drive Spanning function.
File system	FAT16/32, NTFS
FAN + Filter	Mini fan – 6 cm

WELLAND

Power Supply	Input : AC100-240V, 0.8A, 50/60Hz Output : DC 12V/4.16A – 50W
Accessories	<ul style="list-style-type: none">● 50 W External Power Adapter● USB2.0 cable● eSATA cable● QIG● Screw Pack
Packing	12 sets/Carton
Enclosure Dimension	198 x 137 x 60mm (L x W x H)
