

WELLAND

3.5" LAN external enclosure

**Xpress
ME-747GK-S**

The Welland Giga miniSAN is an innovated network storage for SOHO and small business application. The miniSAN could be integrated into most of the modern digital home appliances (gateway, set-top-box, media server/player) that equip some sort of data storage functions through high speed transmission.

The Giga miniSAN adopts an open SAN protocol named ATA-over-Ethernet (AoE). That is , beyond common TCP/IP management facilities , Giga miniSAN uses AoE as a thin layer to process ATA commands directly over Ethernet traffic. This design has proven its ability to offer 3x-5x performance over fastest home NAS SoC implementations.

Specification:

Model Name	Xpress
Model Number	ME-747GK-S
Color	Black
Material	Aluminum
Application	Any 3.5" SATA hard drive disk
Interface	<ul style="list-style-type: none">● USB 2.0 high speed interface (USB1.1 backwards compatible)● Giga Ethernet 1 Gbps, 1 port (RJ-45)
File system	<ul style="list-style-type: none">● Network mode: FAT16/32/NTFS● USB mode: FAT16/32/NTFS
OS Supported	<ul style="list-style-type: none">● USB Storage Mode: Windows98SE/ME/2000/XP,Vista, MAC O.S 9.X above● Network Mode: Windows 2000 / XP / Vista● OTB AP: Windows 98SE/ME/2000/XP/Vista
Backup	Supports One-Touch-Backup (USB mode only)
FAN	Built-in noiseless mini fan
Power Supply	AC100-240V, 0.8A, 50/60Hz DC +5V/2A, +12V/2A – 34W

WELLAND

Accessories	<ul style="list-style-type: none">● 34W external Power Adapter● USB 2.0 Cable● Network Cable● Manual● Software Installation CD● Screw pack● Stand
Packing	10 sets/Carton
Enclosure Dimension	210 x 125 x 38 mm (L x W x H)
