

WELLAND

USB over IP ShareServer 4 Ports USB2.0, Ethernet 10/100Mbps

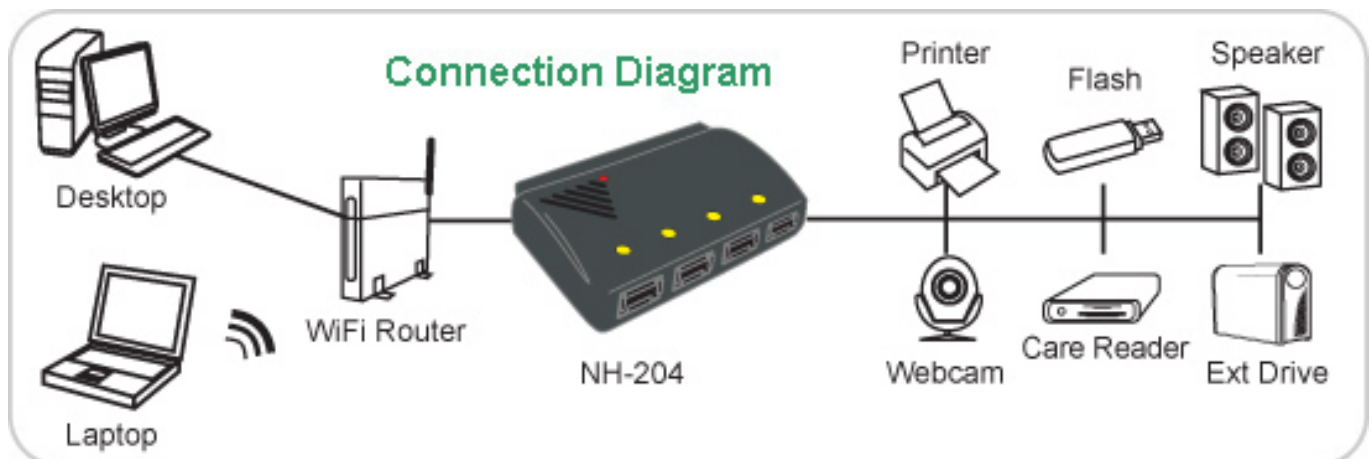

**NetBo
NH-204**

Sharing USB peripherals on a network now can be convenient by using the pocket-size NetBo USB Server.

The NetBo USB ShareServer allows multiple users to share a Multi-Function Printer over a network and also supports USB storage, like external hard drive, flash drive, USB card reader, USB camera, USB speaker and USB printer, all extensible over the 10/100Mbps port to your network. There is a built-in USB2.0 hub extension, so you can shove in up to 4 USB devices to use.

The NH204 is also a nice halfway station on the way to wireless application. It is essentially an USB hub that allows device sharing over the WIFI network when it connects to a wireless router. Definitely useful for small house or office network application.

Application:

WELLAND

Feature :

- Share USB 2.0 devices through your existing office or home IP network
- Share up to 4 USB 2.0 devices with the support of USB 2.0 Hub extension
- Allows multiple users to share a Multi-Function Printer (MFP) over the network to print, scan, and fax from any networked computer
- Allows multiple users to share an external hard drive, flash drive or memory card reader over the network.
- Share a USB1.1 webcam over a network. (Only 1 unit of USB1.1 webcam simultaneously)
- Enjoy music stored on any networked PC with an USB speaker.
- Simple GUI for easy configuration, monitoring, and firmware upgrade.
- Supported protocols : LPR/LPD, DHCP.
- Support USB2.0 and backward compatible USB 1.1 devices.

Note : Some USB devices require a direct connection to PC for optimum performance.

Specification :

Model Name	NetBo
Model Number	NH204
Color	Black
Material	Plastic
Network Protocol	TCP/IP
Interface	<ul style="list-style-type: none">● 10/100Mbps RJ45 x 1● USB2.0 x 4 (backward compatible with USB1.1)
OS Supported	<ul style="list-style-type: none">● CPU of 1.7GHz and above● Minimum 512MB RAM● Windows 2000/XP/Vista● Available Ethernet port in home/office network
Application	<ul style="list-style-type: none">● Printer or Multi-function printer with USB connection● External USB hard drive● USB speaker● USB webcam (USB1.1 only)● USB flash drive● USB memory card reader● USB printer● USB scanner
Network Printer Wizard	Driver to support auto connect/disconnect printer Note: Supported Windows XP/Vista only
Power Supply	AC Input : 100~240V , DC Output : 5V / 2A
Accessories	<ul style="list-style-type: none">● External Power Adapter● CD (contents User Utility Software & Manual)● LAN Cable● QIG
Packing	20 sets/Carton
Hub Dimension	90 x 60 x 25 mm (L x W x H)
