

WELLAND

Power over eSATA (eSATAp) to SATA Adapter

**EZSTOR
SCE-200**

The Welland Power over eSATA (eSATAp) to SATA Adapter enables you to connect your 2.5" or 3.5" SATA hard drive or 5.25" Optical drive to Power over eSATA (eSATAp) port of your PC or NB without separate power requirement. It features the transmission rate of eSATA up to 3Gbps. With 5V or 12V bus power support, reading and writing to your hard drive via eSATA is never easier with just one Power over eSATA (eSATAp) cable connection.
